Kebony Character

Kebony Character shiplap K75 smooth 21 x 148 mm

Product description
Kebony Character products are produced from FSC® certified Scots Pine modified with a bio-based liquid.

The patented Kebony technology permanently alters the wood cell structure to give a unique wood product with outstanding durability and no maintenance needs beyond normal cleaning.

Kebony Character products contain knots and untreated heartwood. The amount of heartwood will vary from board to board.

Quality and appearance upon delivery
Profile  Shiplap, end-matched - horizontal / vertical installation
Dimension  21 x 148 mm *
Standard length(s)  2,3 - 5,3 m. For availability and possible alternative lengths please contact your Kebony representative or our local Kebony trade partner.
Knots/Pitch pockets  Contains only live knots
Cupping  Max 2,5 % of width
Crook  Max 5 mm / 2 m
Moisture  8-14 %
Cracks  Surface cracks maybe visible
Wane  May occur on the back

* Because of the Kebony® process, the dimension may vary up to ± 3 %

* Suitable for outdoor applications above ground  
** Not suitable for outdoor applications  
*** Sapwood (Heartwood of scots pine has dur. class 3)

Documents / Certificates / Compliance
Kebony installation guide for cladding - www.kebony.com  
CE marked according to EN 14915  
Norwegian technical approval TG 2493 - www.sintefcertification.no  
FSC CU-COC-813689 - www.fsc.org  
Nordic Ecolabel 2086 0001 - www.nordic-ecolabel.org  
Complies with EU Timber Regulation (EUTR)

Environment
Kebony products are exempted from the EU’s biocide directive (76/769/EEC).  
Waste handling as ordinary wood.

Disclaimer
Up to 5% of the delivered boards may be outside this specification and must to be accepted.

Kebony products will change in appearance when exposed to rain and sun. Colour changes and surface cracks will occur due to natural weathering. The manufacturer cannot be held liable for any such variations in colour and surface appearance. This will not influence durability and overall performance of the product.

Kebony Character products should not be further machined or split as untreated heartwood will be exposed. Kebony Character products can be cross-cut to length.  
Exposed end grain after cross-cutting must be treated with a wood preservative.

Kebony is continuously working on product development. Information in this datasheet may be changed without further notice.
